

AirJet

Air Cushion Packaging Machine

A compact, fully automatic air cushion system designed to produce air pillows and protective packaging on demand directly at the packing station, exactly when needed.

Lower packaging costs, minimize storage requirements, and reduce CO₂ emissions while streamlining shipping operations.

Key Benefits

Cost savings

Reduce packaging costs by up to 30-50% vs. pre-made void fill

On-demand production

Produce packaging material only when needed – no overstock

Space-efficient packaging

Eliminate the need to store bulky packaging materials

Compact and mobile

Fits seamlessly into any packing environment

Reliable protection

Reduce product damage through reliable cushioning protection

High-speed performance

Ready in ~30 seconds with fast output

Plug & play

No installation or operator training required

Cost Example

Already at low shipping volumes, significant savings can be achieved*:

5 shipments / day	110 shipments / month
Current Cost w/ pre-made void fill €27.50 / month	With AirJet €8.80 / month
Your annual savings min. €224	

Best suited for businesses with ongoing shipping needs across.

*) Conservative example based on low filling material costs of €0.25/package for pre-made plastic bubble wrap.

Ideal for everyday packing operations

Compact, fully automatic air cushion system for on-demand production of protective packaging.

🔍 Technical Specifications

Parameter	Specification
Model	AirJet
Speed	12-16 m/min
Output	~120 cushions/min
Produces	Air pillow, bubble film, 4-tube systems
Film Thickness	15-30 µm
Power	200 W
Energy Consumption	0.2 kWh
Voltage	110-220 V
Weight	5 kg
Dimensions	40 × 14 × 29 cm
Warm-up Time	~30 seconds
Operation	Electric, Plug&Play No compressor required
Application	Void fill, wrapping, cushioning

★ Functions

Automatic inflation and airtight thermal sealing in one step

Adjustable air volume, temperature and speed settings

Compatible with multiple film formats (air pillows, bubble, tube systems)

Supports film widths from 20-60 cm

Tool-free film change for fast operation

Low-noise operation

📦 Packaging Contains

- AirJet Machine
- Power Cable
- Spare Parts (blades, belts, tools)
- User Manual
